Engineered using the latest technology, the Pınara series, thanks to a special canal design which takes advantage of a sharper gradient to produce the maximum water pressure possible, reduces the amount of water required to 5 instead of 9 liters for maximum flushing efficiency.

Aquasave Klozetler
9 Litre yerine 5 Litre
su ile etkin temizlik sağlar.

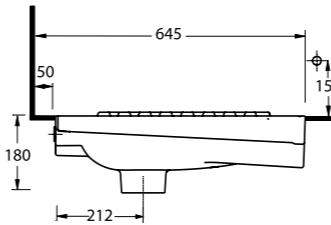

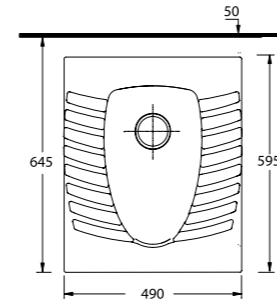

*Aquasave significantly
reduces the water used
in flushing from 9 to 5 liters.*
